# Our Service

# Sea Freight

## Affordable Rates

With our strong rapport with Carriers & Worldwide global partners, we are capable of offering our clients most affordable sea freight for their shipments both FCL & LCL

## Logistics Solutions

We help to choose our clients the better transport carriers & container equipment based on their commodity and cargo dimensions.

## Door to Door Services

We offer services to majority Sea Ports and inland destinations worldwide with fast transit. We offer competitive rates to our customers on DDU & DDP shipments by having efficient agents network worldwide.

# Air Freight

## Competitive Rates

We maintain competitiveness by being alert, proactive & diligent.

## Tailor Made Quality Services

We take pride in providing tailor made quality services and satisfying our customers on their shipments

## Accuracy & Time Bound

Air shipments require high accuracy, efficiency & Time bound. FSL understands the need of valuable customers and efficiently fulfilling their requirements

## Expertized Handling

With our global experience, we focus on faster transit & smooth handling of shipments by choosing the right Carriers competitively.

# Logistics (Supply Chain)Management

## Supply Chain

FSL has a comprehensive portfolio of global freight forwarding services, which create innovative Supply Chain Solutions for the customers / industries.

## Cost Effective

With facilities located in all major sourcing areas around the world and along with our market knowledge & expertise, we can effectively manage all supply chain activities on a cost effective basis

## End to End Solutions

We offer end to end solutions to the Customers in a professional manner and by having our own transport vehicles, we plan the shipments on a timely basis and at controlled costs

# Consolidation

## Overview

FSL plays a key role in offering efficient transport by consolidating small lot and multi product cargo on a destination basis, resulting in much lower shipping costs compared to a individual transport.

## Multi Country Consolidation

LCL consolidation through direct or transshipment from major ports to allover the world. Warehousing facilities like cargo carting, palletisation, measurement, container choking & lashing , stuffing, Fumigation etc.
